

ADVISORY NOTICE BUILDING

14/06

Advisory Notices are issued to assist in the interpretation of the Development Act 1993

September 2006

ADMINISTRATION:

Design wind speed maps available on Planning SA Atlas

BACKGROUND

The Atlas of South Australia is an initiative of the South Australian Government to provide a common access point to maps and geographic information about South Australia in an interactive atlas format. The metropolitan search facility allows users to determine the design wind speed for a specific lot address.

WIND SPEED MAPS – Online search facility

The South Australian Housing Code Design Wind Speed Map for the Adelaide Metropolitan Area published by Planning SA is now available online through the Planning SA Atlas www.atlas.sa.gov.au

Please note that the information is limited to use with the South Australian Housing Code for determining wind speeds for Class 1a and Class 10a buildings. Design wind speed may also be determined by individual site assessment in accordance with AS 4055 or AS 1170.2
