IMPORTANT INFORMATION ABOUT SPECIAL PLATES

Upon purchase of a Special Number, the Applicant will enter into an agreement with the Registrar of Motor Vehicles, to display the number attached to a class specific number plate on the motor vehicle described in this application, or on a nominated motor vehicle.

CONDITIONS THAT APPLY TO ALL PLATE AGREEMENTS

- The number plate will not be issued unless allocated to a registered vehicle.
- Number plate agreements may be purchased as a gift for another person, provided the application is completed in the recipient's name.
- Current fee details for new issues, replacements and transfer of special number plates are available from your local Customer Service Centre.
- Refunds and changes to number plate orders are not permitted.
- Only number plates issued by Registrar of Motor Vehicles or supplied by the approved manufacturer may be displayed.
- Under no circumstances may the number plates be displayed upon any other vehicle (unless a new agreement is made).
- Number plate agreements may be transferred to another vehicle registered in the same name, after lodging an application and on payment of a re-allocation fee. The application will only be accepted if the registration of the previous vehicle has expired, been cancelled or a general registration number has been allocated.
- The number will not be placed on reservation without payment of the appropriate fee.
- Reserved plates will not be released to the agreement holder until the details of the vehicle to which the plate will be allocated are provided and that vehicle is registered.
- Replacement number plates are only available on application and payment of a fee payable through any Customer Service Centre.
- A number plate or a vehicle with number plates which has been recorded as being lost or stolen will not be transferred or reissued to a new owner unless the new owner has been made aware that the number plates may be subject to Police enquiry.

NUMERIC REGISTRATION NUMBERS

- Numeric numbers which were issued to a vehicle on or prior to 31st December 1966 may be retained on that vehicle if the registration of that vehicle is continuously renewed in the same name. If the registration expires or there is a change of ownership, the Registrar of Motor Vehicles will under Section 47A(2) of the Motor Vehicles Act 1959 resume the number unless an agreement is entered into.
