To decommission any metropolitan taxi the following application must be completed before the vehicle can be used for any other private or commercial use, or prior to a new taxi being registered.

If this vehicle is to be re-registered as a taxi, it must be partly decommissioned by removing the taxi licence plate identification stickers. The vehicle must then remain off the road until new taxi plates are assigned.

If the vehicle is not going to be used as a taxi again, it must be fully decommissioned with all taxi related livery and equipment removed before it is registered for private or commercial use.

This form must be complete by an authorised installer of taxi meters or taxi cameras to certify that the former taxi has been inspected and the vehicle has been partly or fully decommissioned with the required livery and equipment removed.

Please complete Section 1 or Section 2 and the declaration in Section 3.
