SOUTH AUSTRALIAN CIVIL AND ADMINISTRATIVE TRIBUNAL

SACAT REFERENCE NUMBER: 2026/SEO000001

Notice of Exemption Renewal Before Tribunal Member Alex Reilly

I hereby certify that on 26 of August 2026, the South Australian Civil and Administrative Tribunal, on application of Raytheon Australia Pty Ltd, made the following orders for renewal of an exemption:

Under the provisions of Section 92(1) of the *Equal Opportunity Act 1984* (SA) (the Act), but for the purposes only of meeting the Applicant's contractual obligations and the U.S. Export Regulations, the Applicant is granted an exemption from the provisions of Sections 52 and 54 of the Act for a period of three years commencing on 26 August 2026 in the following terms:

1. Pursuant to Section 92(1) of the Act, the Applicant is exempt from compliance with the provisions of Sections 52 and 54 of the Act to the extent that it may:
   - 1.1 request Personal Information from existing and potential employees and contract workers and require employees to provide details of any changes to their Personal Information;
   - 1.2 take the Personal Information into account in determining who should be offered employment or contract work in areas requiring access to U.S. Export Controlled Material and when making decisions as to the participation of employees or contract workers in such work;
   - 1.3 maintain records of the Personal Information of all employees and contract workers who have or may have access to U.S. Export Controlled Material;
   - 1.4 ensure that U.S. Export Controlled Material is disclosed only to persons who are authorised by U.S. Export Regulations controls to receive it;
   - 1.5 impose limitations or prohibitions on persons of particular nationalities having access to U.S. Export Controlled Material;
   - 1.6 disclose to other defence contractors for whom the Applicant performs work and to the USA and Australian governments, the Personal Information of all employees and contract workers who will have access to U.S. Export Controlled Material in the performance of their work; and
   - 1.7 establish security systems which will prevent the unauthorised re-export or re-transfer of U.S. Export Controlled Material.
2. This exemption is granted for a period of three years commencing on 26 August 2026 subject to the following conditions:
   - 2.1 It will apply only to conduct by the Applicant where:
     - (a) that conduct is necessary to enable it to enter into, perform and ensure compliance with contractual undertakings and the U.S. Export Regulations where access to U.S. Export Controlled Material is required for performance of contracts;
     - (b) it has taken all steps that are reasonably available (including steps which might be taken in negotiating and performing the terms of their agreements with contractors in the USA) to avoid the necessity for engaging in conduct which would otherwise be in breach of Sections 52 and 54 of the Act.
   - 2.2 Where, in the exercise of this exemption, an employee or contract worker is moved from a project involving the use of U.S. Export Controlled Material to any other work controlled by the Applicant or any of its related entities, the Applicant must through a duly authorised officer explain to the person why he or she is being transferred and must otherwise take all reasonable steps to avoid or limit harm or loss to that person.
   - 2.3 Where the Applicant uses a system of security passes to reflect the fact of access to U.S. Export Controlled Material or levels of access to any security-sensitive material by employees and contract workers, the passes may be coded but not in such a way as to identify the nationality of the person or the reasons for that person's level of access.
   - 2.4 All information relating to security passes, security clearance levels and access to U.S. Export Controlled Material shall be restricted to designated authorised Company personnel with 6 responsibility for export/import operations, Human Resources, legal, compliance and similar functions, or their properly appointed nominee, on a "need to know" basis.
